

# **MARCELLUS MONEY AND THE PENNSYLVANIA LEGISLATURE**

An analysis of the most recent Pennsylvania campaign finance reports, lobbying reports and ethics statements relating to natural gas drilling in our state.

*By Greg Vitali*

*State Representative, 166<sup>th</sup> Legislative District of Pennsylvania*

February 10<sup>th</sup>, 2017

(Revised 4/4/2018)

*“People who give money  
to politicians are not  
philanthropists.”*

- Clarence Bell, former  
Pennsylvania State Senator

# Purpose of Presentation

- To show large amounts of money spent by natural gas drilling industry on the Pennsylvania Legislature
- To discuss policy consequences of this undue influence
- To point out shortcomings in current campaign and finance and lobbying laws
- To recommend changes

# SCOPE OF RESEARCH

# LOBBYING – KEY FINDINGS

There are currently **203** lobbyists working on behalf of the gas industry in PA<sup>6</sup>

Total Lobbying Expenses by Natural Gas Industry in 2017:  
**\$5,221,292<sup>7</sup>**

Total Lobbying Expenses 2007-2017: **\$67,784,376<sup>8</sup>**

# LOBBYING — KEY FINDINGS

- In 2017, the total amount natural gas companies spent on gifts, hospitality, transportation and lodging:

**\$113,307<sup>9</sup>**

- No legislators were listed on lobbying reports as recipients of gifts, hospitality transportation and lodging in 2017.
- No bill numbers or specific issues appeared any lobbyist disclosure expense report in 2017.

- Threshold reporting requirements:
  - **Gifts:** for each source **\$250** the aggregate for each reporting year
  - **Transportation, lodging and hospitality:** for each source **\$650** in the aggregate for each reporting year.

Threshold reporting requirements are too high.

\$211,602 spent – no details given

# Statements of Financial Interest— Key Findings

- Need to be filed annually by elected officials and must disclose all financial ties, including gifts received
- Of 253 legislators, only 5 reported receiving gifts, hospitality transportation and lodging from the drilling industry on their statements of financial interest in 2016, totaling \$2,500 for the year.<sup>10</sup>
  - \$87,073 reported on lobbying reports for gifts, hospitality, transportation and lodging by drilling industry in 2016.

Caveat: drilling industry gave gifts to non-legislators also

# Consequences of Marcellus Money Influence on PA Legislature

- **Severance Tax**
  - PA is expected to lose approximately **\$441,900,000** in 2018-19 by not having a severance tax, according to the Department of Revenue<sup>11</sup>
  - PA has lost well over **\$1.68 billion** in revenue due to the lack of a severance tax since FY 11/12, according to the PA Budget and Policy Center<sup>12</sup>
  - Governor Wolf proposed a 6.5% severance tax

PA remains the only major gas-producing state not to have a severance tax. Severance tax was first proposed in 2009.

# Consequences of Marcellus Money Influence on PA Legislature

## **Conventional Drilling Regulations**

- Blocked by the legislature
- 5 years in the making, overwhelming public support
- IRRC found them to be in the public interest
- These regulations would protect public health and safety
  - Predrilling review for abandoned and operating wells
  - Restoration of water supplies to Safe Drinking Water Act standards
  - Spill reporting and cleanup requirements

# Consequences of Marcellus Money Influence on PA Legislature

## Methane Reduction Strategy

- January 2016 - Governor Wolf announced a methane reduction strategy for gas drilling.
- Methane is a greenhouse gas 25 times more potent than CO<sub>2</sub>.
- Strategy: new regulations for existing sources, revised permits, GP-5 and GP-5A for new sources
- To date, no new regulations have been issued and no permits have been finalized.
  - Proposed severance tax deal would block permit revisions.

# Consequences of Marcellus Money Influence on PA Legislature

- **Royalties Protection Bill**
  - Requires minimum royalty payment of 12.5% value of gas to landowners
  - Has been introduced for the last 3 terms
  - current HB 557, former HB 1391, HB 1684

# Consequences of Marcellus Money Influence on PA Legislature

- **Renewable Energy**
  - Inability to expand AEPS
  - Only 4% of the electricity generated in PA in 2016 came from renewable sources, compared to US average of 14%.<sup>13</sup>
  - PA ranks 41<sup>st</sup> in the U.S. for renewable energy production.<sup>13</sup>

# WHAT NEEDS TO CHANGE?

- **Campaign Finance Reform**

- Contribution limits for individuals and PAC's

- PA is one of just 11 states that has no limits on campaign contributions
    - SB 11 (Costa) and HB 1332 (Dermody) would establish campaign contribution limits
    - SB 290 (Leach) would create a public financing option for state political campaigns
    - *Both bills have been referred to the Senate State Government Committee*

- Improve PA Dep. of State Campaign Finance search site

- The ability to cross-search reports is limited, prone to error
      - For example, to find out how much Consol Energy had given to Speaker Turzai over the past 5 election cycles you would need to search 35 different reports (7 standard filing cycles in each campaign year); the website's cross-search ability often misses donations and does not load properly
    - Technology is out of date
    - HB 859 (M.K. Keller), SB 346 (Browne) would require campaign finance reports to be filed electronically
    - *Both bills have been referred to the respective House and Senate State Government Committees*

# WHAT NEEDS TO CHANGE?

## ■ **Lobbyist Disclosure**

- Total gift ban
  - HB 39 (Saccone), HB 568 (Davis), HB 570 (Davis), SB 132 (Eichelberger)  
total gift ban (all have been referred to State Government Committees)
- First penny disclosure of any gift received
- **Require reports to disclose**
  1. **Which lobbyist is giving**
  2. **What gift**
  3. **To what legislator**
  4. **For what bill**

Current law (enacted in 2006) has not changed lobbying culture in Harrisburg.

Lobbyists should be providers of information, not friends of legislators.

PA is only one of 10 states not limiting gifts from lobbyists to public officials.<sup>14</sup>

# Footnotes

- <sup>1</sup>. Common Cause Report/Conservation Voters of PA: Marcellus Money. Published Oct. 3, 2016 and June 20, 2016. [www.marcellusmoney.org](http://www.marcellusmoney.org)
- <sup>2</sup>. Our research was based on campaign finance disclosure reports from 42 different principals in the natural gas industry. We relied on Common Cause Reports for 2016 Cycles 1-4, and our own office's findings on Cycles 5-7 and all cycles reported in 2017. Industry interests (principals) were identified using 1) the Pennsylvania Department of Environmental Protection's Oil & Gas Reporting database, which names the entities that operate current and completed Marcellus shale wells in the state, 2) the U.S. Department of Transportation's National Pipeline Mapping System and 3) extensive newspaper and business journal research about who holds Pennsylvania Marcellus shale acreage. Additionally, the trade groups Marcellus Shale Coalition and Pennsylvania Independent Oil and Gas Association are included because of their stated interests and efforts

- <sup>3</sup>. We relied on the use of the same 42 principals we had used for our campaign finance research. We analyzed all lobbying reports from each principal for 2015, 2016, and 2017. We were helped by the findings in Common Cause's analyses of lobbying reports in Quarters 1 and 2. We also analyzed all lobbying gift expenses in 2015, 2016 and 2017 lobbying reports filed by natural gas principals.

# Footnotes

<sup>4</sup> This number was derived from the latest Common Cause Marcellus Money Report, released in October 2016 which contained 2007-2016 campaign finance records (only Reporting Cycles 1-4 in 2016), combined with campaign finance disclosure records from the 43 natural gas companies mentioned in in that report from Reporting Cycles 5-7 2016 and all records from 2017.

<sup>5</sup> The totals for Sen. Jake Corman were combined with the totals from a separate PAC, Build PA PAC, due to the fact that the Chairman and Treasurer of Build PA PAC were also the Chairman and Treasurer of Sen. Corman's candidate PAC, and that donations to Build PA PAC were also attributed to Sen. Corman on campaign finance expense reports from natural gas PACs.

<sup>6</sup> The total list of lobbyists was derived from all the lobbyists currently listed as registered to principals we used in our research. This information was found on the lobbying disclosure records website.

<sup>7</sup> The 2017 lobbying totals were derived from the principal's lobbying disclosure reports for 2017.

<sup>8</sup> The totals for natural gas industry lobbying were found via public lobbying disclosure records and through Common Cause's analysis of those records.

<sup>9</sup> The 2017 gift totals were derived from the "gifts, transportation, lodging and hospitality" sections of principal's lobbying disclosure reports for 2017.

<sup>10</sup> The PA Legislators listed were Rep. Mark Mustio, Rep. Ryan Warner, Rep. Brian Ellis, Rep. Stan Saylor, and Rep. Bill Kortz

# Footnotes

- <sup>11</sup> The Pennsylvania House Democratic Appropriations Committee estimated that a 6.5% severance tax would have yielded \$242.9 million in the 2016-17 fiscal year. They project that in fiscal year 2018-19 a 6.5% tax would yield \$441.9 million.
- <sup>12</sup> Had a 6.5% severance tax been in place since FY 2011/12, PA could have raised an additional \$1.68 billion over its impact fee collections, according to the House Democratic Appropriations Committee (Natural Gas Severance Tax Report, Dec. 10, 2014).
- <sup>13</sup> Pennsylvania's Renewable Energy statistics were found via publications from the Energy Information Administration (EIA) online database.
- <sup>14</sup> Data extrapolated from the National Conference of State Legislatures (<http://www.ncsl.org/research/ethics/50-state-table-gift-laws.aspx>)
