Subject: Fw: DOS Email: Remaining 2024 Election Deadlines & Tasks
Attachments: DOS Post-Election Activities Checklist-GEN2024v2.pdf

Hello, Alex

Sorry to bother you with this but the state had sent me this with deadlines. We are working on the pollbooks to record the voters we are down to just comparing our totals with the votes cast the day of election. I don't know if that is even possible to have every district to work out correctly do the way the books were signed and the way the poll workers filled out their books plus all the provisionals. I did come across some provisionals in the back that were not entered by Maryanne in the sure system. They were ones that were partial votes. I do not have access to enter them nor do I have the sure portal which they would need to be entered into. It appears that all this verification needs to be done within the portal also.

Let me know what you make out or figure out. Also I got a thing for a class to register for, I need to know what to do about that also.

Thanks,
Nicole Burkhardt
