## Community events aimed at helping you

Dear Neighbor,

Our shared values and concerns about our community are what make us strong. We want family-sustaining jobs in our community, we want quality schools for our children, we want safe and vibrant neighborhoods and we want to protect the elderly – many of whom are being priced out of their homes by higher taxes.

I am at work in Harrisburg fighting for our families and community.

I have supported grants and programs that create jobs, better our public schools, and make our neighbors safer. And I have, and always will, fight against unfair taxes. I have also been very consistent in what I expect out of big corporations and big business: if they benefit from PA's great resources, they need to pay their fair share of taxes. We know from experience if out-of-state corporations are not held accountable, the working and middle class taxpayer is stuck paying the difference.

In this newsletter, I have highlighted community events and outreach efforts where I am fighting to make sure our community is the best place to live and to work. As always, if I am not in Harrisburg or on the road working on legislation, you can find me right here in the 162nd Legislative District helping our residents.

If you haven't already stopped in my office at Ridley Park, please come visit. My door remains open to help you!

Sincerely

David M. Delloso
